19-July-2024

**INVITATION FOR ROAD SHOW**

Dear Sir/Madam,

The Sindh Secondary Education Improvement Project (SSEIP) has secured an additional financing from the Asian Development Bank. This funding is earmarked to expedite the country's recovery efforts following the devastating floods of August 2022. The allocated funds will be dedicated to reconstructing between 700-750 schools that were severely impacted across 15 highly affected Tehsils/ Taluka. The contracts for reconstruction will be awarded on Engineering, Procurement and Construction - EPC basis.

These reconstructed schools will feature innovative, disaster-resistant, climate-responsive, and gender-sensitive designs. Leveraging integrated light gauge steel framing (LGSF) infrastructure technology, the project aims to establish sustainable and robust educational facilities. The initiative will draw upon 10-12 prototypes, ensuring scalable and replicable solutions that meet rigorous durability standards.

In this context, the PIU-SSEIP is convening a Road Show aimed at engaging Consultants, Contractors, and other Stakeholders with expertise in integrated light gauge steel framing technology. The objective is to foster discussions and exchange insights on leveraging this advanced construction methodology. The focus will be on achieving efficient and cost-effective approaches for the reconstruction and enhancement of schools across Sindh.

You are cordially invited to attend the said Road show, scheduled as under.

**Date:** Saturday, 27th July 2024

**Time:** 02:30 pm to 06:30 pm

**Venue:** Beach Luxury Hotel, Moulvi Tamizuddin Khan Road, Lalazar Karachi.

For any inquiries or clarifications related to the event, please do not hesitate to contact us.

We look forward to your active participation in this event.

  
**Muhammad Rizwan Soomro**  
Project Director, SSEIP
